

TAKING AI TO THE NEXT LEVEL FOR A SMARTER FUTURE

Ascend AI Forum

📍 Red Hall, Shanghai Expo Center

🕒 July 9, 2021 14:00–16:00 (GMT+8)

Invitation

As AI rises to become a powerful force in driving intelligent transformation, enterprises in different industries around the world have begun actively deploying an AI industry ecosystem. One of the most important elements of this is AI infrastructure, which enables computing to become a new public resource and service. It greatly accelerates the digitalization process, promoting cross-domain innovation and facilitating the industrial intelligent upgrade.

The WAIC 2021 will be held at the Shanghai Expo Center & Shanghai Expo Exhibition Hall from July 8–10, 2021. During this time, Huawei will hold the Ascend AI Forum entitled "Taking AI to the Next Level for a Smarter Future". Together with top scientists, experts, scholars, government leaders, and business leaders, we will analyze the policies and development trends of the AI industry, discuss how to construct and operate AI computing centers, and share our own research, innovation, and commercial practices.

You are cordially invited to join us on July 9 to uncover more inspiring ideas and insights.
