

Huawei ICT Competition 2025-2026

Europe

I. C. The Future

10th Huawei ICT Competition is now open for registration !

- Showcase your Skills on a global platform!
- Network with students from around the world!
- Learn skills for the future!

Introduction

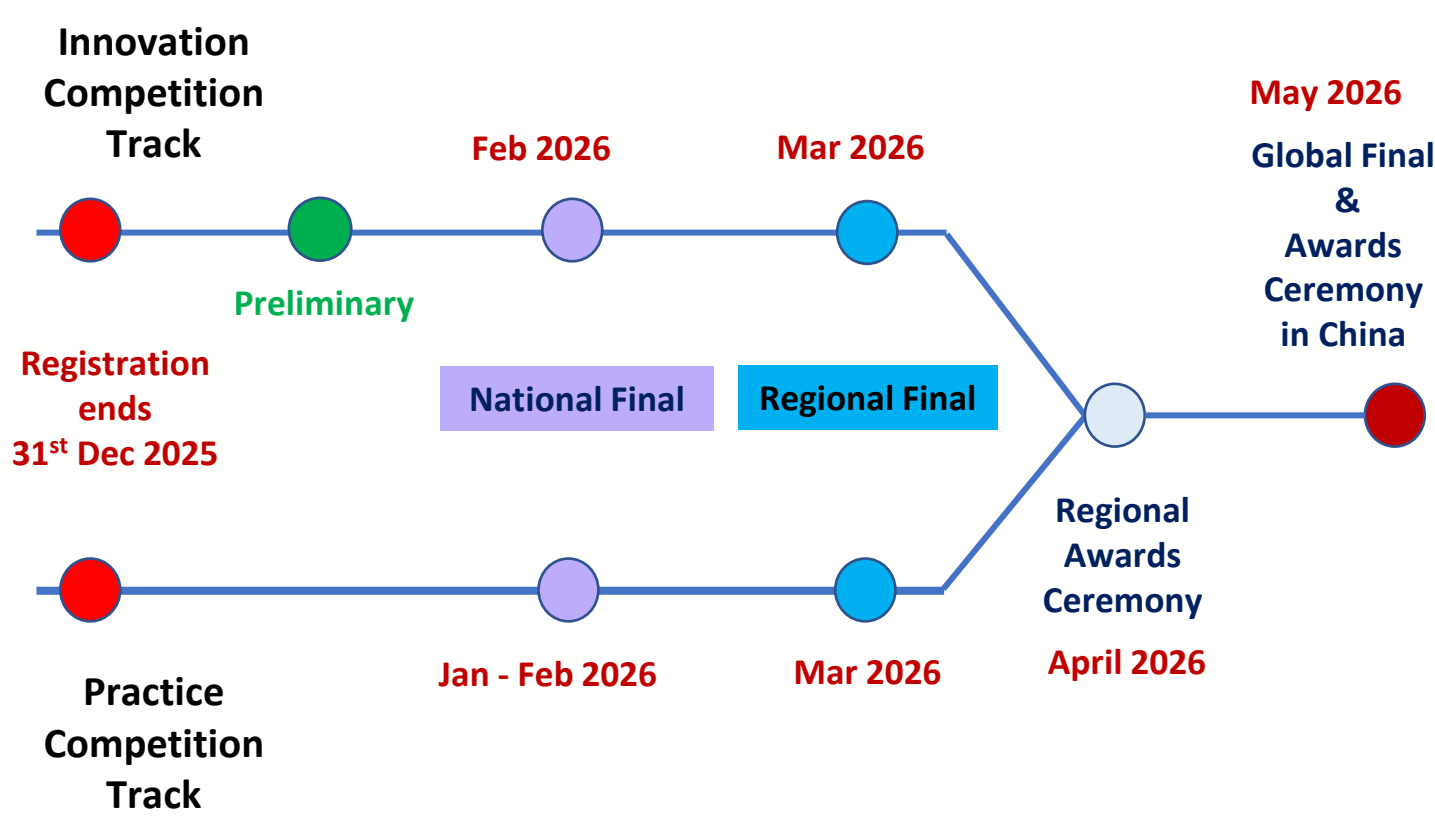

The Huawei ICT Competition for Europe is presented in partnership with UNESCO Global Education Coalition, promoting 'Digital' learning and the integration of industry and education.

This is an annual global ICT talent exchange event designed specifically for students, providing a global platform for students to showcase their talent and gain recognition for their achievements..

The 10th Huawei ICT Competition Global Final is set to take place in May 2026 at Huawei HQ, Shenzhen, China. Qualifying contestants will get the opportunity to visit China for the Global Final Level, attend tours to Huawei's exhibition halls and explore Huawei's campuses

This Competition will be held at 3 levels; National, Regional and Global

Innovation Competition

Topic Description

The Innovation Competition includes AI and ICT domains for which participants are tasked with designing a software or an integrated hardware-software solution using Huawei's AI-related technologies such as MindSpore, CANN, ModelArts or combining AI with relevant technologies such as IoT, Cloud Computing and Mobile Internet.

The Innovation Competition requires participants to solve problems in real-life scenarios through technology application and innovation
